## National Highway Traffic Safety Administration (NHTSA)

Attn: Administrator  
400 7th Street, S.W.  
Washington, DC  
20590

I support the recommendation that the National Highway Traffic Safety Administration:

- Include 15-passenger vans in the National Highway Traffic Safety Administration's static rollover evaluation program (NCAP). The static evaluation should evaluate the performance of 15-passenger vans under various load conditions
- Include 15-passenger vans in the National Highway Traffic Safety Administration's dynamic rollover testing program. The dynamic testing should test the performance of 15-passenger vans under various load conditions
